Hello, my name is Cindy Gonzalez. I would like to ask you for help! My husband is the only one that works at the moment, but he recently was diagnosed with diabetes. Due to the diabetes he feels weak (wanting to faint), his vision is affected, and he has lost 30lb in just 2 weeks and he is not able to work. He has no insurance, so we are paying for medications and appointments out of pocket. I am also not able to work due to being pregnant and high risk. The baby is due in mid-June and I had to have a cervical cerclage placed in at 19 weeks. I am not able to walk for long periods of time or carry anything and have appointments every 2 weeks. We are working with Community Pay it Forward Fundraising to help me pay our rent and help obtain affordable insurance. The process is very easy, and other than the shopping you do, it will cost no extra money. Simply go to www.CommunityPayitForward.us and on the home page you will see a list of companies called the Fundraising Partners. If you shop with anyone on this page, and email your receipt to c.gonzalez@communitypayitforward.us, these companies will donate a portion of your purchase to help us accomplish our goals. If you have any questions, please feel free to call Community Pay it Forward at (970) 909-0751.
