Jennifer Hennessee

Hello everyone. We are working with Community Pay it Forward Fundraising to help KayLynn & our family control Oliver's grand mal seizure issue.

We were surprised by a sudden grand mal seizure in our dog Oliver. Which has been followed by 4 more in less then 24 hours. We have been to the vet and received some medication for him that is supposed to help lessen the intensity and frequency of the seizures. He will have to be on medication for the rest of his life. He is only 9 months old. We will have to go through trial and error with types of medication and dosages. It's all so new, but an MRI and spinal tap may be necessary in the future if we do not find that medication is helping in the best way. All of this adds up to an alarming amount of money. I, for now, will have to stay home with Oliver as it would be a safety risk to leave him home with the other two dogs as his only company. (Other dogs can get aggressive towards a dog that is "weak"). Not only is this financially a huge upset, emotionally there are no words to describe it. Again, with all this being a surprise, something we aren't familiar with and so recently started we really have no idea what the road ahead looks like. We need all the help we can get!

The process is very easy, and other than the shopping you do, it will cost no extra money. Simply go to www.CommunityPayitForward.us and on the home page you will see a list of companies called the Fundraising Partners. If you shop with anyone on this page, and email your receipt to OliverHennessee@communitypayitforward.us and these companies will donate a portion of your purchase to help us accomplish our goals and raise Oliver for KayLynn and our entire family to be happy and healthy. If you have any questions, please feel free to call Community Pay it Forward at (970) 909-0751.
