

*There when others cannot be!*

Hello, and thank you for your time.

We are Community Pay it Forward Fundraising and we were created to help people in their time of need. We would like to ask you to help us lift the Desiree Rodriguez Family. Desiree, her husband and 16-month-old have had a difficult time since the virus. They could use our help with rent and other bills. 2020 has been difficult for everyone. And we would like to ask you to help the Rodriguez family by making a slight change to your shopping habits. Please shop, either in person or online, with any of our Community Pay it Forward Fundraising Partners below. Updated lists can always be found at <https://www.communitypayitforward.us/our-fundraising-partners>. When you make your purchase, please ask for the receipt or invoice, and email a copy to [D.Dodriguez@communitypayitforward.us](mailto:D.Dodriguez@communitypayitforward.us). The fundraising partner has agreed to donate a portion of the sale to Desiree and family as we try to help them get back onto their feet. If you have any questions, please email us the inquiry to [questions@communitypayitforward.us](mailto:questions@communitypayitforward.us).
